European Airlink Association

Main activities since foundation in September 2004 in chronicle order

- | | |
|------------|---|
| 2004-09-03 | foundation of EAA in Eberswalde
founding members: <ul style="list-style-type: none">- Eberswalde-Finow (Germany)- Glasgow-Prestwick (Scotland)- Győr-Per (Hungary)- Karlovy Vary (Czech Rep.)- Kaunas (Lithuania)- Vojens |
| 2004-11-05 | Two days visit of Representatives from Eberswalde and Győr in Budapest to arrange and prepare a business convention for regional entrepreneurs and political bodies, initiated by the EAA |
| 2005-03-09 | Upon EAA invitation Three days convention for regional politicians and entrepreneurs in Győr has been hold with 5 workshops:
Infrastructure (airport, port), Renewable Energy, Industrial Production, European Education and Trading Relations |
| 2005-11-02 | 3 days meeting with partners of the EUROPLANE project under the European InterReg III program
Decision to participate in this project (Eberswalde-Barnim and Kaunas out of the EAA members), not yet confirmed by the EU-commission
Thereafter several months preparing the project content |
| 2006-03-29 | 3 days EUROPLANE kick-off meeting in Potsdam, Germany
preparation of the workgroups and structuring the subjects |

- 2006-09-13 3 days EUROPLANE workshop meeting at Genoa, Italy
Eberswalde and Kaunas were mainly interested in passenger potential analyses and forecast
- 2006-11-03 3 days EUROPLANE workshop meeting at Waterford, Ireland
- 2007-02-09 1 day EUROPLANE presentation meeting in Poznan, Poland
- 2007-04-17 3 days EUROPLANE workshop meeting at Kaunas, Lithuania
The first results of the passenger potential analyses are presented for six airports: Ancona, Aosta, Eberswalde-Finow, Genoa, Poznan and Waterford
- 2007-08-30 2 days EUROPLANE workshop meeting at Aosta Valley, Italy
Final discussion of the passenger potential analyses and draft of a resolution to the EU-Commission in regard to the development of regional airports
- 2007-10-04 2 days EUROPLANE final conference at Bruges, Belgium
Resolution to the Commission of the European Union, DG TREN, is finally agreed, signed by 11 European political bodies engaged in EUROPLANE and send to the Commission on 2007-10-30
- 2007-11-15 2 days handover meeting EUROPLANE / EUROBIRD at Bremen, Germany
The next project planned is EUROBIRD (InterReg IV C), supposed to use certain results and experiences from the EUROPLANE project
- 2008-01-28 EAA and IDRF (see www.idrf.aero) agree on a co-operation to gain acceptance and influence in the rulemaking processes at the EASA (European Aviation Safety Agency)
- 2008-02-13 2 days additional workshop meeting at Eberswalde, Germany
Using remaining funds from the original subjects under the EUROPLANE project we were able to develop a Content Management System (CMS) for small airport websites. This CMS may be used by all EAA-members, as EAA was one of the development partners. Please have a look to the result under www.tower-finow.de and if you think about installing such a system, you may download it from the EUROPLANE platform:
<http://www.europlane.net/work/small-airports-cms.html>
- 2009-09-18 Foundation of the ERAC (European Regional Aerodromes Community) by the
- IDRF (Interessengemeinschaft der regionalen Flugplätze)
 - SAA (Swiss Aerodromes Association)
 - EAA (European Aiorlink Association)
- 2010-05-20 ERAC meeting in Mannheim, Germany
Discussion and Confirmation of work distribution within the ERAC in order to cover our main subjects at EASA
